Supernatural; Lucifer/Castiel; The Tea Party - Lullaby

R, I have no idea where/when this is set, but it's creepy and disturbing, as most of my Lucifer/Castiel stuff is

Lucifer dresses him in only a white shirt and whispers filth in his ears.

Castiel closes his eyes and turns his head and flushes with the shame of it, flushes as Lucifer's words alone make him harden.

Lucifer's fingers flutter on his hips and Castiel thrusts forward and tries to tell himself that he. does. not. *want*.

But Lucifer, Lucifer is listening to his thoughts. Lucifer whips a hand out, cuts a bloody smile in Castiel's neck and heals the cut before Castiel is in any danger of dying.

"I don't like liars," Lucifer tells him, and as the blood soaks into Castiel's white shirt he draws a moan out of Castiel.

There is the hot flush of shame as Lucifer draws more than moans out of Castiel, but this time he doesn't try to deny that he wants this.
